

School life just got easier

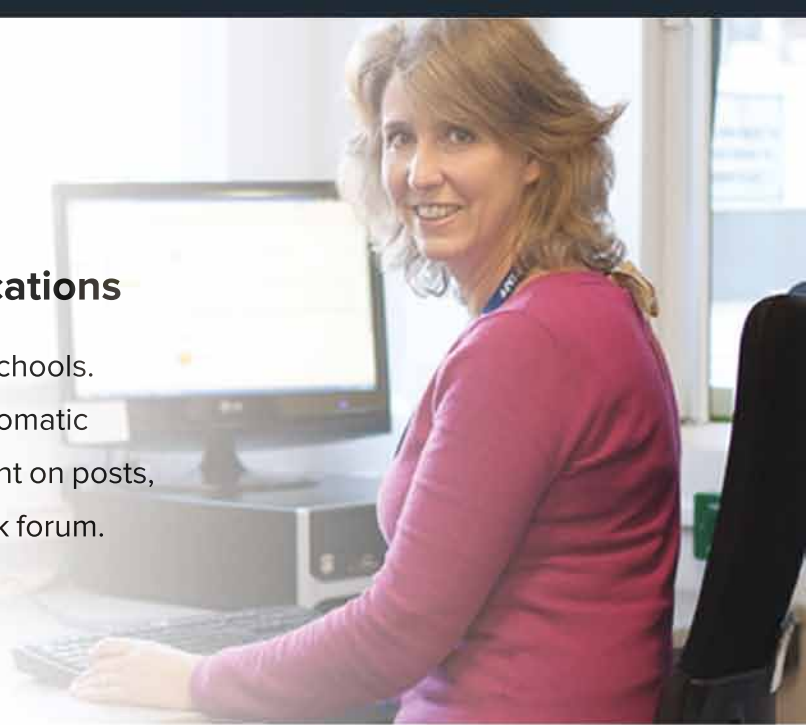

Innovative, online school & parent services by Schoople

Schoople is free to join and there is no obligation to activate or use the services we provide. It's our job to make them utterly indispensable so that you do!

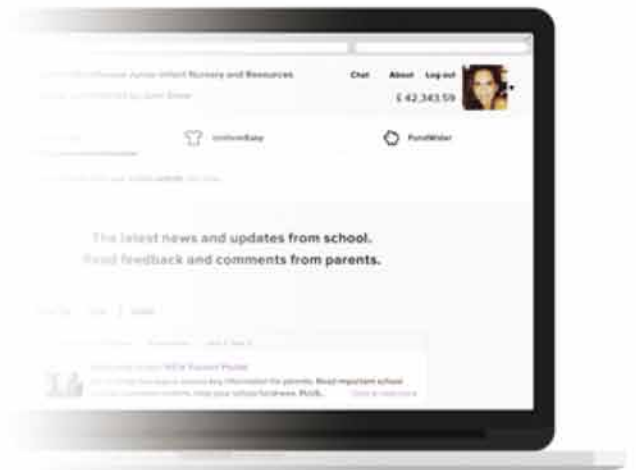

Improving school/parent communications

ParentMessage is an online message board for schools. Messages can be filtered by year groups and automatic notifications sent to parents. Parents can comment on posts, turning the message board into a useful feedback forum.

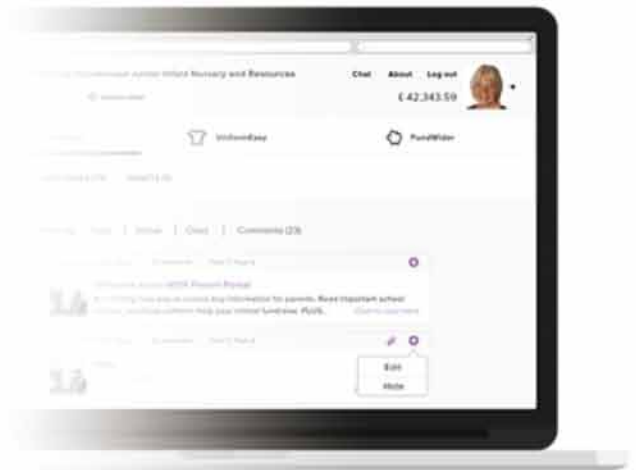

Natalie Halsall, Parent
Wayland Academy, Norfolk

“I receive notifications about posts that are relevant to me without having to trawl through every message - brilliant”

Janet Pascoe, Headteacher
St Buryan Academy, Cornwall

“It’s such an easy way to get messages to our parents - ParentMessage automatically notifies parents about new posts. The feedback facility saves loads of time spent emailing back and forth with parents”

Making school uniform simple

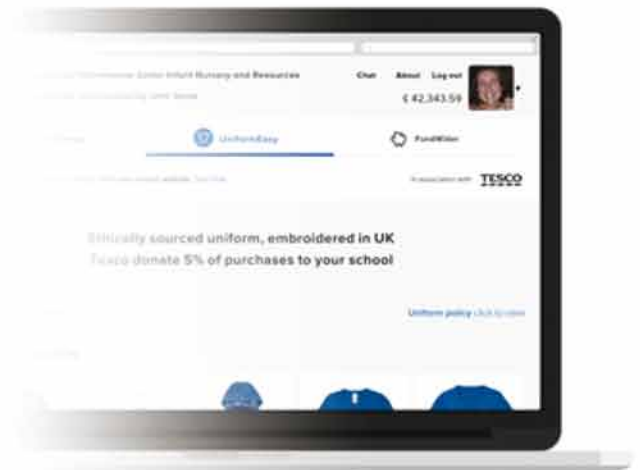

In association with Tesco, UniformEasy makes dealing with school uniform hassle-free. Approved by the school and embroidered in the UK, the items are purchased online. The school also gets a 5% donation on every sale.

Taking school fundraising further

In association with WorldPay, FundWider gives school fundraising projects a specific purpose, target and deadline. It provides an online showcase, enabling donations from a wider audience including local businesses.
